

2026 MSF Human-centred Webinar #2

Ebola Disease Outbreak Response:

Field implementation & tools for the Bundibugyo Virus

Date: Thursday, 25 June 2026

Time: 4:00–5:30 PM (GMT+8, Hong Kong time)

Language: English

Format: Online via Microsoft Teams (90 minutes)

This 90-minute webinar will explore the epidemiology and outbreak response aspect of the Ebola disease outbreak, including field realities of disease control and prevention strategies, operational research, and building trust

Speaker:

Armand Sprecher, Public Health Expert (Health Information Systems Specialist). He is an emergency physician and epidemiologist. He has been involved with filovirus outbreak response since 2000.

Moderator:

Asta Man, Senior Communications Officer (Public Health External Engagement). She joined MSF in 2022 and was in South Sudan for the cholera outbreak in 2025.
