Target audience: This course is applicable to ALL e.g. service providers (i.e., social workers, nurses, allied healthcare professional) from all long-term care settings such as community, day care and long-term care facilities. The course is also open to the general public who are interested in learning about professional development in long-term care services.

Speaker

Brigette Meehan, PhD, MEd, SLT

Affiliate:

interRAI Services, Te Whatu Ora / Health New Zealand

Senior interRAI Fellow, interRAI New Zealand

Course Description

- The course is designed to provide professional staff with an in-depth understanding of interRAI from international experiences and improve skills to implement interRAI in the long-term care setting.
- The target participants are managerial and frontline professional staff working in the healthcare or long-term care sector.
- After completion of the course, attendees are expected to confidently apply interRAI assessment tools in their daily work and introduce the benefit of interRAI to their colleagues.

Content

- 1) Why interRAI - the influence of a comprehensive assessment system on the sector.
- 2) Success factors for implementation- how to solve the challenges.
- 3) InterRAI informs quality- how the interRAI assessment system guides evidence-based practice
- 4) Future Focus – development of sustainable training.

Certification: [CoA will issue an certificate after completion of 80% of courses]
