

Professional Diploma in General Endocrinology and Metabolism 2026

Timetable

MEDM5201 General Endocrinology & Metabolism I

Lectures

Overview of epidemiology, pathophysiology and management of common endocrine disorders emphasizing the application of basic physiological and biochemical knowledge to clinical practice

Course Ref Code	Date	Time	Description	Speaker	Venue Code
EM1S1	07 MAR 2026	An introduction to endocrinology			CSB 2/F SR 1
		14:00-15:00	Overview of homeostasis and endocrine system	Prof Juliana CHAN	
		15:00-16:00	Overview of disease of the hypothalamus pituitary axis	Prof Andrea LUK	
		16:15-17:15	Neurohormonal dysregulation	Prof Alice KONG	
EM1S2	14 MAR 2026	Hypothalamus-pituitary axis			CSB 2/F SR 1
		14:00-15:00	Pituitary incidentaloma and prolactinoma	Prof Alice KONG	
		15:00-16:00	Cushing's syndrome - from diagnosis to	Dr Edith CHOW	
		16:15-17:15	Acromegaly	Dr Edith CHOW	
EM1S3	21 MAR 2026	Thyroid and bone disorders			CSB 2/F SR 1
		14:00-15:00	Thyroid disorders – pitfall of diagnosis and management	Dr Tiffany YAU	
		15:00-16:00	Osteoporosis - current management	Dr Tiffany YAU	
		16:15-17:15	Calcium disorders and metabolic bone disease	Prof Andrea LUK	

Clinical Teachings

Diagnostic evaluation and management of common acute and chronic endocrine disorders are illustrated by clinical cases using small group in-depth discussions

Course Ref Code	Date	Time	Topic	Tutor	Venue Code
EM3C1	6 MAY 2026	14:00-17:00	Endocrine clinic	Dr Edith CHOW	TBC
EM3C2	13 May 2026	14:00-17:00	Endocrine case discussion	Prof Juliana CHAN	TBC

Clinical attachments (3 hours each) will be held on weekdays from May to August 2026, schedule to be confirmed and only one session to be selected for each topic. The allocation of dates is on a first-book-first-serve basis. The timetable is subject to change without prior notice. Medium of instruction is Cantonese and English. However, patients normally speak in Cantonese.

Venue Code

TBC	To be confirmed
CSB 2/F SR 1	Seminar Room 1, 2/F, Lui Che Woo Clinical Sciences Building, Prince of Wales Hospital
LKS Rm303	Room 303, 3/F, Li Ka Shing Medical Sciences Building, Prince of Wales Hospital
PEC SC Rm3	Seminar Room 3, 1/F, Postgraduate Education Centre (CUHK School of Public Health and Primary Care), Prince of Wales Hospital

Professional Diploma in General Endocrinology and Metabolism 2026

MEDM5202 General Endocrinology & Metabolism II

Lectures

Overview of epidemiology, pathophysiology and management of common endocrine disorders emphasizing the application of basic physiological and biochemical knowledge to clinical practice

Course Ref Code	Date	Time	Description	Speaker	Venue Code
EM1S4	28 MAR 2026	Reproductive endocrinology			CSB 2/F SR 1
		14:00-15:00	Polycystic ovarian syndrome - its metabolic and endocrine aspects	Prof Ronald MA	
		15:00-16:00	Approach to menstrual disturbance and infertility	Dr Linda FUNG	
		16:15-17:15	Approach to impotence and hypogonadism	Prof Chi-Fai NG	
		17:30-18:30	MEDM 5201 In-class MCQ Paper Exam (20 questions on EM1S1, EM1S2 and EM1S3)		
EM1S5	11 APR 2026	Adrenal disorders			CSB 2/F SR 1
		15:00-16:00	Neuroendocrine tumors and updates	Prof Stephen CHAN	
		16:15-17:15	Phaeochromocytoma and adrenal incidentaloma - workup and management	Prof Andrea LUK	
EM1S6	18 APR 2026	Growth & Homeostasis			CSB 2/F SR 1
		14:00-15:00	Short stature, delayed puberty and overview of other common paediatric endocrine diseases	Dr Ho-Chung YAU	
		15:00-16:00	Old and new therapies in lipid disorders	Prof Brian TOMLINSON	
		16:15-17:15	Electrolyte abnormalities in sodium and potassium metabolism	Prof Jack NG	
EM1S7	25 APR 2026	Emerging issues and controversies			CSB 2/F SR 1
		14:00-15:00	Human immunodeficiency virus (HIV) and endocrine dysfunction	Dr Grace LUI	
		15:00-16:00	Genetic endocrine disease - an overview	Prof Ronald MA	
		16:00-17:00	Conn's syndrome and work up for secondary hypertension	Dr Edith CHOW	
		17:00-18:00	Drug-induced endocrinopathies	Dr Edith CHOW	

Professional Diploma in General Endocrinology and Metabolism 2026

Clinical Teachings

Diagnostic evaluation and management of common acute and chronic endocrine disorders are illustrated by clinical cases using small group in-depth discussions

Course Ref Code	Date	Time	Topic	Tutor	Venue Code
EM3C3	20 MAY 2026 27 MAY 2026 3 JUN 2026 10 JUN 2026	14:00-17:00	Endocrine in-patient grand round	Prof Andrea LUK	TBC
EM3C4	17 JUN 2026	14:00-17:00	Combined obesity clinic	Dr Simon WONG	TBC
EM3C5	24 JUN 2026 8 JUL 2026 15 JUL 2026	14:00-17:00	Thyroid clinic	Prof Alice KONG	TBC
EM3C6	22 JUL 2026 29 JUL 2026	14:00-17:00	Combined pituitary clinic	Prof Kitty CHEUNG	TBC
EM3C7	5 AUG 2026 12 AUG 2026 19 AUG 2026	14:00-17:00	Growth & Endocrine clinic	Dr Ho-Chung YAU	TBC

Clinical attachments (3 hours each) will be held on weekdays from May to December 2026, schedule to be confirmed and only one session to be selected for each topic. The allocation of dates is on a first-book-first-serve basis. The timetable is subject to change without prior notice. Medium of instruction is Cantonese and English. However, patients normally speak in Cantonese.

Interactive Workshops – Practical Management (Case Studies)

Case studies and interactive discussions are used to demonstrate the principles of diagnostic evaluation and management of common endocrine disorders using a multidisciplinary approach

Course Ref Code	Date	Time	Description	Speaker	Venue Code
EM2W1	05 SEP 2026	14:00-19:00	Thyroid and bone disorders		TBC
			Radiological evaluation of osteoporosis	Prof James Francis GRIFFITH	
			Thyroid and parathyroid disorders	Dr Shirley LIU	
			Thyroid eye disease	Prof Kelvin CHONG	
EM2W2	12 SEP 2026	14:00-19:00	Adrenal gland and reproductive endocrinology (1)		TBC
			Addison’s disease and Pheochromocytoma	Dr Tiffany YAU	
			Conn’s and Cushing’s syndrome		
			Radiological evaluation of adrenal disorders	Prof Winnie CHU	
			- Hirsutism and virilization - evaluation and management - Endocrine disorders in pregnancy (excluding diabetes)	Prof Ronald MA	
EM2W3	19 SEP 2026	14:00-18:00	Pituitary gland and reproductive endocrinology (2)		TBC
			Principles and applications of radiotherapy for common pituitary adenomas	Dr Darren POON	

Professional Diploma in General Endocrinology and Metabolism 2026

			Surgical management of pituitary tumors, from prolactinoma, acromegaly, incidentaloma to other tumors	Dr Leo YEUNG	
			Evaluation and management of infertility	Dr Jacqueline CHUNG	

MEDM6201 General Endocrinology & Metabolism III

Interactive Workshops – Practical Management

Case studies and interactive discussions are used to demonstrate the principles of diagnostic evaluation and management of common endocrine disorders using a multidisciplinary approach

Course Ref Code	Date	Time	Description	Speaker	Venue Code
EM2W4	31 OCT 2026	14:00-18:00	Electrolytes, endocrine tests and hot topics		TBC
			Interpretation of endocrine tests during acute illnesses	Dr Edith CHOW	
			- Hypernatremia and hyperkalaemia - Hyponatremia and hypokalaemia	Prof Jack NG	
			Cardiovascular-kidney-metabolic (CKM) syndrome	Prof Guangming TAN	
EM2W5	07 NOV 2026	14:00-15:00	MEDM 5202 In-class MCQ Paper Exam (20 questions on EM1S4, EM1S5, EM1S6, EM1S7, EM2W1, EM2W2 and EM2W3)		TBC
		15:00-18:00	Paediatric and reproductive endocrinology (3)		
			Acromegaly - a multidisciplinary approach for management and evaluation	Dr Tiffany YAU	
			Short stature - diagnostic evaluation and practical tips for management	Dr Ho-Chung YAU	
			Congenital adrenal hyperplasia and interpretation of urinary steroid profile	Dr Ho-Chung YAU	
07 Nov 2026			Submission of MEDM5202 Case Studies (softcopy, by 23:59)		

Clinical Teachings

Diagnostic evaluation and management of common acute and chronic endocrine disorders are illustrated by clinical cases using small group in-depth discussions

Course Ref Code	Date	Time	Topic	Tutor	Venue Code
EM3C8	26 AUG 2026 2 SEPT 2026 9 SEPT 2026 16 SEPT 2026 23 SEPT 2026 29 Dec 2026	14:00-17:00	Combined gynae-endocrine clinic	Prof Ronald MA	TBC

Clinical teachings (3 hours each) will be held on weekdays from June to December 2026, schedule to be confirmed and only one session to be selected. The allocation of dates is on a first-book-first-serve basis. The timetable is subject to change without prior notice. Medium of instruction is Cantonese and English. However, patients normally speak in Cantonese.
